

75 POWER PROMPTS

FOR THE 2026 AI LANDSCAPE

The 2026 Prompt Manifesto

Generic prompts are dead. In 2026, the models (GPT-5, Gemini 2, Claude 4) require structure, intent, and multi-step reasoning.

1. Chain of Thought: Force the model to think before it speaks.
2. Context Injection: Provide deep background data.
3. Constraint Optimization: Set hard boundaries on output.
